SUMMARY

I am a Full Stack Web Developer with skill sets geared toward creatively solving problems in web development. I am adept at developing user-friendly applications, with an emphasis on positive user experiences.

I've earned top marks in my graduating class and am known by my instructors as a very dedicated and persistent individual.

I recently earned a Certificate in Full Stack Web Development from the University of California, Irvine.

TECHNICAL SKILLS

Front-End: HTML5, CSS3, Bootstrap, Bulma, JavaScript, jQuery. React, Redux.

Back-End: Node.js, Express.js, Sequelize, MySQL, Handlebars.js, MongoDB, Mongoose.

Concepts: API's, REST, JSON, AGILE.

RELEVANT EXPERIENCE

Systems Support / Private Consultant

2021 – Present

Curien LLC

San Pedro, CA

Along with client acquisitions and sales. I was also responsible for managing the web and mobile application for Curien LLC. I helped to improve upon the existing framework and upgraded the user interface for the web and mobile applications to create an improved user experience environment.

Key Accomplishments:

- *Implement new frameworks and stylizations to the existing applications to upgrade and improve the experience of the clients.*

ADDITIONAL EXPERIENCE

Personal Banker
Wells Fargo Bank

2006 – 2011
Fullerton, CA

PROJECTS

Portfolio | <https://github.com/jasonjayoo/Full-Stack-Portfolio> | [My Portfolio](#)

Overview: This is my portfolio with several of my completed projects [Full-Stack].

Responsibilities: Creator, Author, and Editor

Tools: HTML5, CSS3, Bootstrap, Javascript, Node.js, Express.js, Sequelize, Bcrypt, MySQL, Canvas.js.

The Cloud Casino | <https://github.com/jasonjayoo/Our-Project-2> | [The Cloud Casino](#)

Overview: Gambling application with an originally created database and user authentication programming.

Responsibilities: Project Manager and Co-backend/front-end developer. I helped manage my team using the AGILE development method. I guided the team based upon a time-task management approach in order to successfully complete the development of this application within a two week time period.

Tools: HTML5, CSS3, Bootstrap, Javascript, Node.js, Express.js, Sequelize, Bcrypt, MySQL, Canvas.js.

Food For Thought | <https://github.com/jasonjayoo/Our-Project-1> | [Food For Thought](#)

Overview: Recipes application that allows users to look up different recipes based upon ingredients entered.

Responsibilities: Team Lead and Co-Javascript developer. I helped lead my group using the AGILE development method. I guided the team based upon a time-task management approach in order to successfully complete the development of this application within a two week time period.

Tools: HTML5, CSS3, Bulma, Javascript, jQuery

The Tech Blog | <https://github.com/jasonjayoo/The-Tech-Blog> | [The Tech Blog](#)

Overview: The Tech Blog is a CMS-style blog site similar to a wordpress website. Web Developers can publish their blog posts and comment on other developers' posts as well. This web application was built by yours truly from the ground up. This application has been deployed through Heroku and is currently live. This application utilized the Model-View-Controller paradigm as its architectural structure implementing Handlebars to display the front-end segment of this program, Sequelize as the ORM, and the express-session and bcrypt npm packages for user authentication and security.

Responsibilities: I was the Developer, Creator, Editor and Author of this solo project.

Tools: HTML5, CSS3, Javascript, Node.js, Express.js, Handlebars.js, Sequelize, MySQL.

EDUCATION

Full Stack Web Development Certificate: University of California, Irvine

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Bulma, Firebase, Node.js, MySQL, MongoDB, Express, Handlebars.js, and ReactJS.

I was one of the top ranked students of my graduating class.

B.A. in History, minor in Asian American Studies: California State University, Fullerton

My major was in History with an emphasis on near and far eastern history. I also completed a minor in Asian American Studies while completing my major.

I am a proud member of Phi Alpha Theta. An American Honors Society of History for undergraduate and graduate students along with our professors.
